The motor vehicles to be tested shall be all motor vehicles except those specifically exempted pursuant to subdivisions (1) to (3) of subsection 1 of section 307.350 and those exempted pursuant to this section.

2. The provisions of this section shall not apply to:

Each official inspection station which conducts safety or emissions inspections in a city or county referred to in subsection 1 of this section shall indicate the gross vehicle weight rating of the motor vehicle on the safety inspection certificate if the vehicle is exempt from the emissions inspection pursuant to subdivision (1) of this subsection.

3. (1) At the time of sale, a licensed motor vehicle dealer, as defined in section 301.550, RSMo, may choose to sell a motor vehicle subject to the inspection requirements of this section either:

A vehicle sold pursuant to this subdivision by a licensed motor vehicle dealer shall be inspected and approved within the one hundred twenty days immediately preceding the date of sale, and, for the purpose of registration of such vehicle, such inspection shall be considered timely.

(3) If the dealer chooses to sell the vehicle without prior inspection and approval, the purchaser may return the vehicle within fourteen days of the date of purchase, provided that the vehicle has no more than one thousand additional miles since the time of sale, if the vehicle fails, upon inspection, to meet the emissions standards specified by the commission and the dealer shall have the vehicle inspected and approved without the option for a waiver of the emissions standard and return the vehicle to the purchaser with a valid emissions certificate and sticker within five working days or the purchaser and dealer may enter into any other mutually acceptable agreement. If the dealer chooses to sell the vehicle without prior inspection and approval, the dealer shall disclose conspicuously on the sales contract and bill of sale that the purchaser has the option to return the vehicle within fourteen days, provided that the vehicle has no more than one thousand additional miles since the time of sale, to have the dealer repair the vehicle and provide an emissions certificate and sticker within five working days if the vehicle fails, upon inspection, to meet the emissions standards established by the commission, or enter into any mutually acceptable agreement with the dealer. Such fee shall be conspicuously posted on the premises of each such inspection station. The official emissions inspection station shall issue a certificate of inspection and an approval sticker or

seal certifying the emissions system is functioning properly. The certificate or approval issued shall bear the legend: "This cost is mandated by your United States Congress.". No owner shall be charged an additional fee after having corrected defects or unsafe conditions in the automobile's emissions and air pollution control system if the reinspection is completed within twenty consecutive days, excluding Saturdays, Sundays and holidays, and if such follow-up inspection is made by the station making the initial inspection.

5. The air conservation commission shall establish, by rule, a waiver amount which may be lower for older model vehicles and which shall be no greater than seventy-five dollars for model year vehicles prior to 1981 and no greater than two hundred dollars for model year vehicles of 1981 and all subsequent model years.

6. An owner whose vehicle fails upon reinspection to meet the emission standards specified by the Missouri air conservation commission shall be issued a certificate of inspection and an approval sticker or seal by the official emissions inspection station that provided the inspection if the vehicle owner furnishes a complete, signed affidavit satisfying the requirements of this subsection and the cost of emissions repairs and adjustments is equal to or greater than the waiver amount established by the air conservation commission pursuant to this section. The air conservation commission shall establish, by rule, a form and a procedure for verifying that repair and adjustment was performed on a failing vehicle prior to the granting of a waiver and approval. The waiver form established pursuant to this subsection shall be an affidavit requiring:
